

■ **Welcome address**

Dear Colleague,

The Course Directors and Program Committee, constituted by Professors **Mathieu Zuber (Paris, France)** and **Ovidiu Bajenaru (Bucharest, Romania)** are pleased to invite you to join the third edition of the **European Neurological Conference on Clinical Practices** that will be held from **January 22 - 24, 2010** at **Bucharest, Romania**.

In order to offer you the latest innovative and clinically relevant findings in the field of neurology, the Course Directors and Program Committee and a large panel of **internationally renowned experts** will present a customized scientific program covering a wide range of prominent issues you may encounter in your daily practice.

The following primary **educational objectives** have been defined for this conference:

- ✓ to inform Neurologists about the latest scientific advances;
- ✓ to focus on new and emerging medical therapies;
- ✓ to assess and improve prescription of imaging techniques;
- ✓ to allow Neurologists meeting and debating with international experts on (controversial) issues, challenges, and special cases related to their daily practice.

On behalf of the Program Committee and Organizing Committee we eagerly await to welcome you at Bucharest and wish you an instructive course.

Eduard Otte, MD
Organizing Committee

Course accreditation

The program has been submitted for accreditation by the European Union of Medical Specialists (UEMS) for external CME credits.

Each attendee should claim only those hours of credit that have actually been spent in the educational activity. UEMS works according to the quality standards of the European Accreditation Council for Continuing Medical Education (EACCME), which is an institution of the European Union of Medical Specialists (UEMS).

To obtain accreditation, please present the completed UEMS Standard Evaluation Form on Sunday January 24 from 12h00 to 12h30 at the Conference Hospitality and Accreditation Desk. The accreditation certificate will be granted in the weeks following the event.

In compliance with UEMS/EACCME guidelines, all speakers/chairpersons participating in this program (satellite symposia excluded) have disclosed or indicated potential conflicts of interest which might cause a bias in the presentations. The Organizing Committee is responsible for ensuring that all potential conflicts of interest relevant to the event are declared to the audience prior to the CME activities.
